CRYSTAL™ FOAM GLASS CLEANER

Description

Crystal™ Foam Glass Cleaner has a pleasant, clean-smelling fragrance that is easy to use and leaves a residual fresh scent on surfaces that are cleaned. It has a superior spray pattern that provides complete and uniform coverage with clinging foam that turns into a liquid for fast and easy cleaning. The formulation contains a solvent that emulsifies grease and dirt on contact, saving you time and labor. When used properly, it will not streak or haze. One can of glass cleaner will clean as much glass as five ready-to-use quart bottles. It is safe to use on glass, mirrors, granite, marble, acrylics, polycarbonates and stainless steel.

Product directions

Shake can, align tip with black dot on the rim and hold 6"-12" from the surface to be sprayed.

First aid

Important: Please make sure your employees read and understand the product label and Safety Data Sheet (SDS) before using this product. See the label for use directions and the SDS for hazard warnings, precautions, first aid, storage and handling data.
