

V02337

HEAVY DUTY SCOURING PAD

Description

The Heavy Duty Scouring Pad is made of polyester fibers in an open textured, nonwoven pattern. Abrasive particles are dispersed throughout and bonded to the nonwoven construction with a durable adhesive.

Directions for use

Use with water or cleaning agent for extra heavy duty cleaning.

Construction

The Heavy Duty Scouring Pad is constructed of polyester fibers along with synthetic adhesives that will not be notably affected by water or cleaners used in standard maintenance.

Product care

To prolong the life of this product, it should be rinsed thoroughly after use.

"Green" initiative

- The polyester fiber used in our pads comes from 100% post-consumer and industrial recycled waste products.
- Water-based latex resins are used in the manufacturing process. No phenol-formaldehyde resins are used in our binding process.
- Shipping cartons contain at least 45% recycled material.
- Plant is operating under EPA approved Clean Air Permit.
- In-house water treatment has reduced our waste water flow by 83%.

Features/Benefits

For extra aggressive cleaning. This pad is excellent for removing built-up grease and burned-on foods from pots, pans, ovens and broilers. Also is ideal for removing rust and corrosion.

Specifications

Size: 6" x 9"

Thickness: 0.43"

Weight: 19 oz

Fiber type: Polyester

Binder system: Cross-linkable, water-based

Binder application: Spray/Dip

Abrasive application: Yes

Abrasive: Yes

Color: Green

Packaging

V02337: 15/Case
