MELAMINE BLOCK ERASING SPONGE

Description

This sponge is made using open-cell melamine foam. The ideal problem-solver for spot-cleaning, this multi-functional cleaning accessory removes stains and dirt with water. No harsh chemicals are required. Works on most surfaces.

Directions for use

Simply saturate with water and slightly squeeze out excess water. Then gently rub the sponge on soiled surface. Rinse the soiled sponge with water after use, and store in a dry location.

Construction

This sponge is made with open-cell foam melamine and is microporous.

Product care

To prolong the life of the product, wipe in one direction and rinse out thoroughly after each use. Also, avoid rough, uneven surfaces and make sure the sponge is always saturated before use.

"Green" initiative

The Melamine Block Erasing Sponge does not require the use of harsh chemicals.

Features/Benefits

The Melamine Block Erasing Sponge is used to clean up dirt, smudges, stains, unwanted black marks and grease spots. This sponge gets into the tiny grooves and pits of surfaces such as countertops, walls, floors or other surfaces. No detergent is required. Simply saturate with water before use.
