

V01495

THICK BOWL — 9% HCL HIGH ACID BOWL CLEANER

Description

This thickened, 9% hydrochloric acid toilet bowl cleaner contains detergents and compounds that quickly remove rust, scale and hard water mineral deposits. Because it clings to vertical surfaces, it provides more contact time for better cleaning action than thin formulations.

Product directions

To clean toilets and urinals, flush fixture. Open pour spout 45°. Squeeze to coat surfaces under the bowl rim. Let stand for 10 minutes. Scrub all surfaces with supplied bowl swab, especially under the rim. Rinse by flushing. **To clean sinks, bathtubs, shower stalls, drinking fountains, and ceramic tile floors**, dilute 1 part of this cleaner with 2 parts water and apply to all surfaces thoroughly with bowl swab, sponge, brush or cloth. Allow cleaner to remain for at least 10 minutes. Rinse after cleaning.

First aid

If inhaled, remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a poison center or physician. **If swallowed**, immediately call a poison center or physician. Rinse mouth. Do not induce vomiting. **If on skin (or hair)**, take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. Immediately call a poison center or physician. **If in eyes**, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or physician. Store locked up. Dispose of contents and container in accordance with all local, regional, national and international regulations.
