OVEN & GRILL FOAMING CLEANER

Description

Oven & Grill Foaming Cleaner is a heavy duty formula that is effective and safe to use on porcelain, ceramics, stainless steel and cast iron surfaces. Apply the spray and let the product work into the grease. It quickly cuts through baked on carbon soils that are commonly found in ovens, grills, hoods and drip pans. The heavy foam provides excellent cling time allowing the active ingredients to work deeply into the thick build-up of grease. This product has an NSF rating of A8.

Product directions

Shake can, align tip with black dot on the rim and hold 6"-12" from the surface to be sprayed. Use spray sparingly.

First aid

Important: Please make sure your employees read and understand the product label and Safety Data Sheet (SDS) before using this product. See the label for use directions and the SDS for hazard warnings, precautions, first aid, storage and handling data.

To download current SDS information, please visit veritivcorp.msds.com.

Features/Benefits

Thick foam: eliminates running and dripping

Non-flammable: safe to use on warm surfaces

Penetrates and emulsifies: easy to remove with water

Specifications

Color: Clear

Can size: 20 oz

Scent: Characteristic

Net weight: 20 oz

Spray pattern: Foaming cone

pH: 12.62-13.62

Packaging

416754: 12 Cans/Case
