

V02042, V02043

SINGLE MOUNT DISPENSER

Description

Dilution control to automatically and consistently provide the correct dilution for facility cleaning. A single product dispenser for wall mount installations. Ideal for focused cleaning processes and spaces with a single/limited product need.

Product directions

1. Install either a long bucket fill or short bottle fill outlet tube based upon user preference or the specific product application. Unlock the doors.
2. Screw on the docking cap and put bottle into the bay.
3. Close and lock the doors.
4. Container fill
5. Turn off the water source and disconnect the water hose.

Optional accessory

Wire storage rack: Holds up to 5 bottles of Reliable Brand chemical concentrate refills. (SKU = 930)
