

V03366

SCENT FREE WINTER NEUTRALIZER

Description

This scent-free citric acid based cleaner and neutralizer removes soils and films associated with winter conditions. It effectively removes residues from ice melters, rock salt, and hard water residue and can be used as a daily cleaner on floors and other surfaces not damaged by water.

Product Directions

Do not mix with chlorine-containing products or bleach. Mix only with water. The amount of product used should not exceed the amount recommended to achieve the desired effect. Dilute 7.8 mL/L (1:128) of water for bucket and automatic scrubbing applications. Dilute 25 mL/L (1:40) of water for walk-off matting applications. For walk-off matting applications, soak matting for at least 10 minutes, allowing product to penetrate soils. Wet-vac or extract residue and rinse well. Do not contaminate food, feed or potable water during use or storage of this product. Always rinse with clean potable water. Refer to product SDS.

First Aid

Warning! Causes serious eye irritation. Wear eye or face protection. Wash hands thoroughly after handling. **Keep out of reach of children.**

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **If eye irritation persists:** Get medical attention.

Application

Removes soils and films associated with winter conditions

Features/Benefits

Removes soap film and mineral deposits from all flooring and fixtures
Will not harm finished or unfinished surfaces
Neutralizes alkaline residues on floors after stripping
Effective against tannin stains
Does not contain harsh acids, alkalis or solvents used in competitive products
Reduces liability and safety concerns

Specifications

Colour: Colourless
Scent: Characteristic
pH: 2
Diluted pH: 3-3.5
Dilution: 1:40, 1:128
Density: 1.03-1.05

Packaging

V03366: 4/4 L
