

V02333

GRIDDLE POLISH PAD

Description

The Griddle Polish Pad is made of polyester fibers in an open textured, nonwoven pattern. Abrasive particles are dispersed throughout and bonded to the nonwoven construction with a durable adhesive.

Directions for use

Use between the griddle cleaning holder and griddle screen when cleaning griddles.

Construction

The Griddle Polish Pad is constructed of polyester fibers along with synthetic binders that will not be notably affected by water or cleaners used in standard maintenance.

Product care

To prolong the life of this product it should be rinsed thoroughly after use.

"Green" initiative

- Polyester fiber used in our pads comes from 100% post consumer and industrial recycled waste products.
- Water based latex resins are used in the manufacturing process. No phenol-formaldehyde resins are used in our binding process.
- Shipping cartons contain at least 45% recycled material.
- Plant is operating under EPA approved Clean Air Permit.
- In-house water treatment has reduced our waste water flow by 83%.

Features/Benefits

For use as padding between the griddle cleaning holder and the griddle screen. Adds life to the screen. Also, may be used for polishing griddles.

Specifications

Size: 4.5" x 6"

Thickness: 0.32"

Weight: 19 oz

Fiber type: Polyester

Binder system: Cross-linkable, water-based

Binder application: Spray/Dip

Abrasive application: Yes

Abrasive: Yes

Color: Black

Packaging

V02333: 60/Case (6 bags of 10)
